Tirupati, Andhra Pradesh, India

CAREER OBJECTIVE

Data Science student with strong skills in Python, machine learning, and data analysis. Passionate about building meaningful projects and applying technology to solve real-world problems.

EXPERIENCE

- Full Stack Developer Intern** 6 Months
Lineysya and Thevan Software Technologies
Vijayawada, Andhra Pradesh
 - Worked on full stack web development using Python.
 - Assisted in frontend and backend integration.
 - Gained practical experience in databases, deployment, and version control

EDUCATION

- Annamacharya University** Jul 2024 - Apr 2027
B.Tech in CSE(Data Science)
Rajampet, Andhra Pradesh
 - CGPA: 9.22/10
- St.Marys Womens's Engineering College** Aug 2021 - May 2024
Diploma in Cloud Computing
Guntur, Andhra Pradesh
 - Percentage: 91%
- ZP High School** 2016 - 2021
Secondary Education
Pachikapallam, Andhra Pradesh
 - GPA: 9.8/10

PROJECTS

- Amarism – Interactive Educational Platform** 2026 - Current
Frontend Developer 
 - Built an interactive educational platform to enhance children's thinking capabilities through smart learning experiences.
 - Promoted curiosity, communication, and practical learning through engaging and creative digital interaction.
 - Tools:** React.js, Next.js, TypeScript, Tailwind CSS, Git, GitHub, Vercel
- CineBook – Movie Analytics Dashboard** Dec 2025
Data Analyst 
 - Developed a movie analytics dashboard project for analyzing movie-related data.
 - Performed data preprocessing and data visualization using Python.
 - Worked with datasets to generate insights and graphical reports.
 - Technologies Used: Python, Pandas, NumPy, Matplotlib.

SKILLS

- Programming Languages:** Python, C,Java(Basics)
- Web Technologies:** HTML, CSS, React.js, Next.js, Tailwind CSS
- Database Systems:** SQL (Basics)
- Data Visualization & Analytics:** Power BI, Matplotlib, Pandas, NumPy
- DevOps & Version Control:** Git, GitHub, Vercel
- Other Tools & Technologies:** VS Code, Jupyter Notebook

CERTIFICATIONS

- **Power BI for Business Professionals** April 2026 
Infosys Springboard 7.0
Completed training in data visualization, dashboards, and business analytics using Power BI.
- **Data Visualisation: Empowering Business with Effective Insights** Mar 2026 
Tata Foorage
Learned basics of frontend and backend web development using Python technologies.
- **Introduction To Quantum Computing: Quantum Algorithms and Qiskit** Feb 2026 
NPTEL
Learned fundamentals of quantum computing concepts, algorithms, and Qiskit tools.
- **Data Science Using Python** May 2025 
Pantech Technologies
Gained practical knowledge in Python programming, data analysis, and visualization techniques.
- **Wadhvani Entrepreneurship Program** 2024 – 2025 
Wadhvani Foundation
Developed entrepreneurial, communication, and problem-solving skills through practical activities.

ACHIEVEMENTS

- Successfully completed multiple technical and professional courses under Infosys Springboard 7.0.
- Developed and deployed the “Amarism” educational website project.
- Completed a 6-month internship in Full Stack Development using Python at Land Y Software Technologies.
